Program Objectives

The Summer Experience Program provides funding to eligible not-for-profit organizations, municipalities, Indigenous organizations and First Nation communities in order to create meaningful summer employment opportunities for students.

Eligibility Requirements

Eligible Applicants

Organizations eligible for Summer Experience Program funding include: not-for-profit organizations who have been incorporated for at least one year, municipalities, Indigenous organizations and First Nations communities. Eligible organizations must be legally incorporated or be band councils established under the *Indian Act, Canada*.

Eligible Employment Opportunities

SEP employment opportunities must offer training, work experience and skills transferable to the general workforce and to future careers. The positions must focus on activities that support the key sectors of voluntarism, citizenship, women, seniors, tourism, culture, sport and recreation.

Position placements are expected to provide employment for a minimum employment contract length of 217.5 hours or 30 days at 7.25 hours per day.

Eligible Students

Students hired by recipient organizations must meet the eligibility criteria of the program:

- All students must be currently enrolled in a secondary, or post-secondary institution or within six months of graduation and have reached the age of 15 and not yet reached the age of 25 upon commencement of employment or up to 29 years of age for persons with a disability, within the meaning of s.10 of the Ontario *Human Rights Code*, R.S.O. 1990, c. H.19, as amended from time to time.
- Students must be employed full time for a minimum employment contract length of 217.5 hours or 30 days at 7.25 hours per day.
- Proof of student enrolment must be provided to the employer.
- Students must be residents of Ontario during the period of employment.
- Students must be eligible to work in Canada and have a Social Insurance Number (SIN).
- Students should be living in Ontario at the time they start work.

The intention of the program is to provide career-related experience to eligible students that are also eligible to work in Ontario.

Student Recruitment

- *Student Rehiring*: provided they meet the student eligibility requirements, students may return to the same position within the same organization for a second summer to a maximum of two summers without going through a competitive process. Student rehiring must be over two consecutive summers.
- Students must go through a competitive process in order to be considered for the same job in the same organization for a third year.
- The student's interests and career goals should relate to the job for which they have applied.
- Wherever possible, consideration should be given to hiring students from the local area. Funding received from the SEP cannot be used for relocation expenses.

Funding Criteria

As of January 1, 2018 the provincial minimum wage rate, according to the *Employment Standards Act, 2000*, S.O. 2000, c. 41 is \$14.00 per hour. The applicant employer must pay the SEP employee at least the applicable Ontario minimum wage.

- The maximum funding per position is \$3,658.
- To be eligible for the full grant amount, organizations must employ the student for the minimum employment contract length of 217.5 hours or 30 days at 7.25 hours per day.
- If the minimum employment contract is **not** 217.5 hours or 30 days at 7.25 hours per day the organization will be required to submit a refund to the Ministry.

Wage calculation for a SEP position:

- $\$14.00/\text{hour} \times \# \text{ of hours/day} = \text{Salary} + 4\% \text{ (vacation/statutory holiday)} = \text{Total Salary}$
 $+ 15.5\% \text{ (benefits)} = \text{Total} \times \# \text{ of days worked} = \text{Total Salary (rounded)}$.

Hourly Rate	Hours per day	Salary	Vac/Stat Holiday @ 4%	Total (Salary + Vac/Stat Holiday)	Benefits @15.5%	Total	Number of Days Worked	Total Salary
\$14.00	7.25	\$101.50	\$4.06	\$105.56	\$16.36	\$121.92	30	\$3,658.00

Please Note:

- Organizations can pay the student employee more than minimum wage at their own expense, provided the wage rate is relative to other summer contract positions, and follows human resources policies or collective agreements in place within the organization.
- SEP student employees may be extended after the SEP contract expires however, the SEP will not cover any additional costs for the period beyond that for which the funding was originally awarded.

For example, an organization could continue employing the student past the minimum contract requirement however, funding would be only up to a maximum of \$3,658. Any costs for the contract length beyond that amount will be the responsibility of the organization.

Assessment Process and Criteria

Process

Once submitted, applications are verified for completeness and eligibility. Organizations submitting applications that are incomplete will be contacted by ministry staff for missing mandatory information. Organizations that do not meet eligibility requirements will not be processed further.

Ministry staff will review all eligible and completed applications using a standardized assessment template to determine how well the application meets the program criteria.

Funding under the Summer Experience Program is highly competitive and there is no guarantee of support. Due to the volume of applications received and the limited funds that are available, the total number of positions awarded to successful applicants may be lower than the number requested. Priority might be given to applicant organizations that have not previously received SEP funding.

Criteria

All eligible applications will be assessed based on the degree to which they meet the following criteria:

1. Application addresses ministry priorities outlined in the guidelines for the selected target sector.
2. Orientation best practices are used by organizations to prepare students for the summer positions.
3. Application identifies student's key duties.
4. Application describes the student's training plan and identifies the trainer and their qualifications.
5. Application describes appropriate and adequate supervision that will be provided for the student.
6. Employment opportunity supports the work and mandate of the organization (i.e. revenue generating operations in tourism attractions, promotion of seasonal museum activities, summer sport and recreation programming).
7. Employment opportunity is located in an identified area of high unemployment (i.e. Northern Ontario).

Next Steps for Successful Applicants

- If a grant is approved, grant recipient organizations will receive a letter from the Ministry confirming the grant, and payment will follow within 14 business days through a cheque or electronic funds transfer from the Province of Ontario to the grant recipient organization.
- The grant payment to successful applicants will be made in one instalment in the amount of \$3,658.
- Successful grant recipient organizations should ensure the chief financial officer, treasurer or finance department is aware of the application and if successful, the pending financial transaction

Recipient Obligations

Reporting Requirements

- Recipient organizations must keep Ministry staff informed of any changes that affect the SEP position.
- Organizations that are not able to use their SEP grant to hire a student must inform their ministry contact as soon as possible so that the funds can be reallocated elsewhere.

Please see page 10 of these guidelines for list of Ministry contacts.

Final Report

The Final Report template will be available on Grants Ontario. Grant recipients will be required to submit a Final Report by **September 17, 2018** that includes:

- Actual expenditures
- Performance measures results
- A project evaluation indicating the results that were met by the end of the work term
- Any other details requested by the Ministry

Refund Calculation

To determine the refund amount owing, calculate the actual expenditures as follows:

- a. Total # of hours worked X \$14.00 per hour X 4% (vacation/statutory holiday) X 15.5% (benefits).
- b. Subtract that amount from \$3,658. If the amount is greater than \$50.00, you must refund the full amount to the ministry. If it is less than \$50.00, a refund is not required.

Example calculation below if the student worked 20 days at 7.25 hours per day, which equals to 145 hours.

Total # of Hours worked	Hourly rate	Wages	Vac/Stat Holiday @ 4%	Total (Wages + Vac/Stat Holiday)	Benefits @ 15.5%	Total	SEP Grant	Refund
145	\$14.00	\$2,030.00	\$81.20	\$2,111.20	\$327.24	\$2,438.44	\$3,658.00	\$1,219.56

To be eligible for the full grant amount of \$3,658, organizations must employ the student for the minimum employment contract length of 217.5 hours or 30 days of fulltime employment (7.25 hours per day).

If the minimum employment contract is **not** met a refund will be required.

Reimbursement to the Province

If a refund is owing to the Ministry, the refund cheque must be payable to the “Minister of Finance, Ontario” and submitted to the organization’s Summer Experience Program Ministry contact by September 28, 2018. Please see page 10 of these guidelines for Ministry contacts.

Employer Responsibilities

- The employer is responsible for ensuring CPP, EI and other mandatory contributions are made to the appropriate level of government.
- Students required to work on a statutory holiday must be given compensating time off. Provisions for student’s sick time should adhere to the employing organization’s sick time policy for students.
- The Summer Experience Program application form includes Terms and Conditions that must be adhered to by all applicants that receive a SEP grant.
- When an employee turns 18, employers have to start deducting and submitting Canada Pension Plan (CPP) contributions. Please follow the Canada Revenue Agency link for information on CPP deductions.

Recruitment and Assessment of Potential SEP Employee Applicants

Successful grant recipient organizations are responsible for all aspects of recruiting suitable candidates. Recipient organizations must ensure fair hiring practices and compliance with the *Ontario Human Rights Code*.

Recruitment for suitable candidates should be made through public notice which could include job posting boards at Canada Employment Centres; advertisements in newspapers; information sent to high schools, colleges, universities; postings with local disability employment services; job ads in local newsletters, etc.

Recipient organizations must not use the Grant to displace regular employees or contract employees normally hired by the Recipient organization during the summer.

All publicity materials or job advertisements related to the position must acknowledge the Ministry and the Ministry of Government and Consumer Services as co-sponsors and indicate that the position is part of the Government of Ontario's Summer Employment Opportunities program known as the 2018 Summer Experience Program.

Advertisements or job notices for any SEP position must include eligibility criteria. (See Eligible Employment Opportunities and Eligible Students, pages 5 and 6, in these guidelines).

SEP participants may not be hired or supervised by a person associated with the project who is a member of his or her family and is able to benefit financially from his or her involvement in the project.

Recipients should also advise employee applicants that under the SEP guidelines, they must be a student and at least 15 years of age and not yet reached the age of 25, or 29 for persons with a disability, to be eligible for employment. Employers are entitled to request proof of age and proof of student enrolment **only upon a conditional offer of employment**.

Supervision

Every student participant must be adequately supervised to ensure that the student's assigned duties are consistent with the approved job description and that job safety requirements are met.

Student Safety

Workplace health and safety is important for student employees. The first stage of safety orientation should include familiarization with workplace emergency procedures, first aid procedures and workplace health and safety policies and procedures. As well, student employees should become familiar with the rights and responsibilities of workers, employer's duties, workplace hazards and procedures for reporting hazards and concerns.

Liability Insurance – All applicants must certify that they have Commercial General Liability insurance coverage to an inclusive limit of not less than **\$2,000,000** (two million dollars) per occurrence on property damage, bodily injury and personal injury and will provide copies upon request (See Grant Application Form, Section N).

Workers' Compensation coverage for employees – All applicants must certify that they have valid Workplace Safety and Insurance Board coverage or equivalent coverage under their commercial general liability insurance and will provide copies upon request (See Grant Application Form, Section N).

If your organization is excluded from coverage under the Workplace Safety and Insurance Act, 1997, then your Insurance must include a policy endorsement for Employers Liability and Voluntary Compensation.

Potential applicants are advised to contact the WSIB to discuss potential coverage and/or their insurance carrier to determine the necessary coverage.

In addition to the student safety measures outlined in these guidelines, SEP employers may wish to provide an opportunity for their SEP student(s) to take the online safety awareness training available through the Ministry of Labour. [Worker Health and Safety Awareness website](#)

Employers also have the option to purchase a membership from Passport to Safety designed to prepare students for the Passport to Safety test, an online transcript program. Through the Passport program, students have the opportunity to receive a nationally recognized certificate, or Passport, to show that they have a basic level of health and safety knowledge. [Passport to Safety website](#)
